

# TOMY International, Inc.

## POSITION DESCRIPTION

**JOB TITLE:** Industrial Product Designer

**EFFECTIVE DATE:** May 2021

**DEPARTMENT:** Boon Team, Tempe, AZ

Come work for one of the hottest brands in Juvenile Products!

Boon, a division of TOMY International, Inc. is looking for an Industrial Product Designer who fits our company culture. We are a group of fun, friendly, solution-driven people who strive to create products that echo these attributes.

We have fun with each product - the development phase is playtime at Boon. We don't limit ourselves - our product line is expanding and you will not get bored here!

We work with many types of materials, and frequently do what hasn't been done before. Our goal is to simplify parenting and make every piece count. Less is more at Boon!

### OUR THING

Our thing is problem solving and ingenuity, and simple yet effective design is our passion. Boon is a leading innovator, designer and manufacturer of infant and baby products. We are driven by a strong desire to create modern products that help simplify parent's lives while retaining their personal style.

### YOUR MISSION

- + Discover unmet needs and innovative ways to solve them
- + This position will include ideating, sketching, prototyping, SolidWorks solid and surface modeling
- + Multi task, multi manage in a team environment
- + Bring fresh and innovative ideas to each phase of product development
- + Be able to communicate with other disciplines within the design department and other business functions for appropriate execution of the projects
- + Manage the design process from beginning to end and around agreed-upon timelines and cost
- + Work within original design intent and manufacturing constraints
- + Communicate on a regular basis with our international partners

### YOUR SKILLS

- + Self-starter!
- + Ability to design with a modern aesthetic
- + Ability to design within a given set of features and cost parameters
- + Experience with Adobe Creative Suite, Sketchbook, & Keyshot
- + Solidworks solid and surfacing experience – Ability to produce tooling-ready CAD
- + Understanding of molding, plastics, metals, and soft goods (a plus)
- + Strong spatial and mechanical understanding
- + 3 years of relevant consumer product design experience
- + BA or BS in Industrial Design
- + Comfortable working within an organic fast-paced design process
- + Solid problem finding and problem solving experience

We offer a competitive salary and benefits package.
